

# How your accounts are protected

In these times of uncertainty, you may be wondering if your money is safe to keep in your financial institution. Your accounts at Citco Federal Credit Union are insured through NCUA for at least \$250,000.

The National Credit Union Administration was established to make sure that federal credit unions are financially sound. And in case they aren't, the NCUA provides insurance so that credit union members will recoup up to \$250,000 per qualifying account if the credit union fails.

While it may be wise to keep some cash on hand in case of emergencies, keeping large sums of cash in your home may be unsafe and leave your hard earned money vulnerable to theft or loss.
